

## AUDITION PIECE FOR KARL AND HEIDI

KARL (Karl enters as the chorus leave) Was it something I said?

HEIDI Or maybe it was your aftershave! (They both laugh) I hear that Granny has sent you out to do her shopping again.

KARL I don't mind helping her and I had some shopping of my own to do at the same time.

HEIDI What could you possibly need? Everyone on the village is giving us so much for our wedding I can't image what we haven't got.

KARL illy! It isn't for me. I want to find something really special for you for the wedding. I've heard stories of a giant crystal high up in the mountains too which could make a lovely centrepiece.

HEIDI Karl, everything is going to be so perfect. I hope nothing goes wrong.

KARL Everything will work out fine. We must remember to thank all the villagers at the wedding.

HEIDI It hardly seems real. We've know each other nearly all our lives and now we are getting married.

KARL I know. I can't wait. It seems all our dreams are coming true at once.
