

AUDITION PIECE FOR THE PASS KEEPER

KEEPER The Mountain pass keeper – me. I shall ask you questions – three.

GRANNY Oh! No! That's all we need - bad rhymes too!

KEEPER Your first question - so answer true What is the main use of glue?

KARL Well that's easy - it's used to stick thing together.

KEEPER Correct - your second question now. What drink do you get from a cow?

KARL I can't believe how easy this is - that one is so easy. It's milk of course.

KEEPER Two questions right - only one remains. Answer correctly and access you'll gain. I am
the Keeper of the Mountain Pass ... Your third question now I pose..

(Spoken very quickly after a pause for breath)

If it takes 3 men 15 hours to dig 30 holes which are 3m deep and 2m wide but have different lengths of 1.5m, 3m and 4.5m in the ratio of 1 to 2 to 3, then how long would it take 7 men to dig 45 holes of twice the depth and 3 times the width in the same ratio?
